# *Principal's Message*

*Culture of Excellence*

*To the Class of 2024*

*As you continue to pursue your dreams, your teachers and I will be following your accomplishments: I anticipate many. Every one of you has demonstrated your abilities and gifts and am confident that you have the foundations necessary to thrive in life, work and continue learning. I feel very fortunate to have had the opportunity to help you develop into the caring, compassionate, resourceful, responsible citizens you have become.*

*Do not underestimate your role in contributing to the Culture of Excellence that exists at the National Sport School. Continue to widen the community of excellence through your influence on others. Let this be your legacy and celebrate your successes.*

*I hope you move forward with fond memories of your experiences at the National Sport School, remembering your teachers and classmates as you continue your journey through life.*

*Continue to support each other. Help celebrate each other's accomplishments and create opportunities for one another. It has been a pleasure knowing all of you.*

*Rob Jewan*

*Principal*
